## Resume objective

Being a fresher to IT industry, I am still learning and therefore need this opportunity to know more about this industry. Though I am new, I can vouch for the fact that I am a fast learner with a penchant to both learn and unlearn. I also bring with me some fresh ideas and hope to discuss the same with my seniors here. I am confident they will find many of them to be quite useful and innovative. If hired, I will strive to add maximum value to the company - in terms of my eagerness to learn, dedication and strong work ethic - to ensure a mutually beneficial professional partnership.

Aug 2023 - Dec  
2023

I am a focused professional who has been consistently praised as focused by my co-workers and management. Over the course of my 4-month course, I've developed a skill set directly relevant to the Frontend Developer role you are hiring for, including web design, programming and web platform development. Overall, I have consistently demonstrated analytical, critical thinking and leadership abilities in every aspect of my Mern stack developer role at Twinskill Academy

# Achievements

I was been appreciated by my seniors and co workers for the on time completion of tasks with good quality & on allotted time.
